Extracts.

The American Congress.

It is not unusual to believe that had the Constitution of the United States been a little less symmetrical in its arrangements, it might have been a little more so in its results. It is not unusual to believe that had the Constitution been a little less symmetrical in its arrangements, it might have been a little more so in its results.

THE EXTENSIVE PREMISES, situated at the corner of Queen's Road and the House, formerly occupied by the Asiatic Bank Corporation.
